# YOUR FAVORITE DESIGN IN THE RIGHT SIZE.

---

Since years, GROHE offered a wide range of taps & mixers in different designs. Now GROHE offers an additional comfortable advantage : choice of sizes.

Our choice of sizes has never been greater, offering faucet heights from XS to XL in our most popular ranges.

GROHE puts the luxury of choice in your hands.

To make it easy, all our washbasin mixers are marked with a „Size“ character that everybody understands : from Extra-Small to Extra-Large. The higher the faucet gets, the higher and wider the spout reaches out, the more comfort !

---

## **XS-Size**

An extra small tap, ideal for cloakrooms, and usually used for cold water only.

---

## **S-Size**

A comfortable, standard height basin mixer, ideal for regular basins.

---

## **M-Size**

A medium height tap designed for extra comfort. The slightly longer spout makes access easier.

---

## **L-Size**

A large tap with a long spout, ideal for washing or filling larger objects.

---

## **XL-Size**

An extra large tap ideal for vessel-style basins. It offers exceptional comfort and style.

# PICK THE RIGHT SIZE...

Once you have chosen the design of the GROHE washbasin mixer, you can adapt the size to your and your family's needs.

Whether you need a pillar tap or a faucet where you offer additional comfort so your kids can wash their hands more easily - the right product is available with the right comfort.

---

## **XS-Size**

For cloakrooms and small basins the extra small size offers a flexible, stylish solution.

---

## **S-Size**

A standard size faucet is the comfortable choice for standard comfort at the washbasin.

**M-Size**

Add extra comfort with a higher medium height faucet, providing easier access with a longer spout.

**L-Size**

Great for busy basins in family bathrooms, the large tap with a high spout is a practical & safe choice.

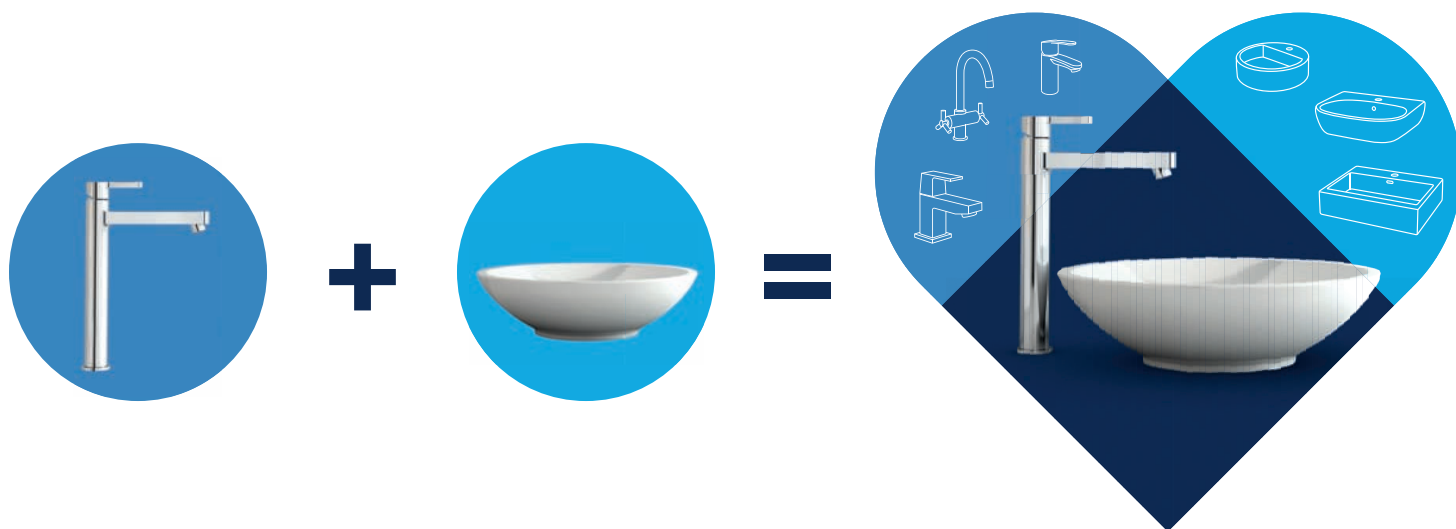

**XL-Size**

Choose unrivalled comfort and create an elegant focal point with an extra-large faucet ideal for stylish vessel basins or for maximal comfort.
